

TABLE OF CONTENTS

Executive Summary

Report of the 2000 MODEL Workshop on Lower Trophic Level Modeling

Report of the 1999 MONITOR Workshop

Section I. Workshop Abstracts

Patricia Livingston. Purpose of the MONITOR Workshop on PICES and GOOS

Ned Cyr. International Global Ocean Observing System Program

Warren S. Wooster. LMR Module of GOOS

Jihui Yan. NEAR-GOOS

Robin Brown. Status of ICES-GOOS

Takashige Sugimoto. Japan GOOS Program

Vyacheslav B. Lobanov. Russian GOOS Program

Bruce A. Taft. USA GOOS Program

Robin Brown. Canada GOOS Program

Robin Brown. International Programs Related to GOOS

David W. Welch. PICES CCCC Program, MONITOR Task Team and the CPR Initiative

Section II. Summary of Task Team Discussion and Recommendations

David W. Welch. Status of shipboard sampling in the subarctic Pacific

Bruce A. Taft. Moored measurements in the eastern subarctic Pacific

Yukihiro Nojiri. Time series measurements in the western subarctic Pacific

Robin Brown. Measurements of temperature/salinity profiles with PALACE floats

Stewart M. McKinnell. Calibration studies of sampling gear

Patricia Livingston. Revising of MONITOR Task Team Terms of Reference

Report of the 1999 REX Task Team Workshop on herring and euphausiid population dynamics

Douglas E. Hay and Bruce McCarter. Spatial, temporal and life-stage variation in herring diets in British Columbia

Augustus J. Paul and J.M. Paul. Over winter changes in herring from Prince William Sound, Alaska

N.G. Chupisheva. Qualitative texture characteristic of herring (*Clupea pallasii pallasii*) pre-larvae developed from the natural and artificial spawning-grounds in Severnaya Bay (Peter the Great Bay)

Gordon A. McFarlane, Richard J. Beamish and Jake Schweigert. Pacific herring: Common factors have opposite impacts in adjacent ecosystems

Tokimasa Kobayashi, Keizou Yabuki, Masayoshi Sasaki and Jun-Ichi Kodama. Long-term fluctuation of the catch of Pacific herring in Northern Japan

Jacqueline M. O'Connell. Holocene fish remains from Saanich Inlet, British Columbia, Canada

Elsa R. Ivshina and Irina Y. Bragina. On relationship between crustacean zooplankton (Euphausiidae and Copepods) and Sakhalin-Hokkaido herring (Tatar Strait, Sea of Japan)

Stein Kaartveedt. Fish predation on krill and krill antipredator behaviour

Nikolai I. Naumenko. Euphausiids and western Bering Sea herring feeding

David M. Checkley, Jr. Interactions between fish and Euphausiids and potential relations to climate and recruitment

Vladimir I. Radchenko and Elena P. Dulepova. Shall we expect the Korf-Karaginsky herring migrations into the offshore western Bering Sea?

Young Shil Kang. Euphausiids in the Korean waters and its relationship with major fish resources

William T. Peterson, Leah Feinberg and Julie Keister. Ecological zonation of euphausiids off central Oregon

Scott M. Rumsey. Environmentally forced variability in larval development and stage-structure: Implications for the recruitment of *Euphausia pacifica* (Hansen) in the Southern California Bight

Scott M. Rumsey. Inverse modelling of developmental parameters in *Euphausia pacifica*: The relative importance of spawning history and environmental forcing to larval stage-frequency distributions

Michio J. Kishi, Hitoshi Motono and Kohji Asahi. An ecosystem model with zooplankton vertical migration focused on Oyashio region

CCCC / Executive Committee and Task Team List
